

**IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF ILLINOIS**

IN RE: NATIONAL COLLEGIATE  
ATHLETIC ASSOCIATION STUDENT-  
ATHLETE CONCUSSION INJURY  
LITIGATION-SINGLE SPORT/SINGLE  
SCHOOL (FOOTBALL)

MDL No. 2492

Master Docket No. 1:16-cv-08727

Judge John Z. Lee

Magistrate Judge David M. Weisman

This Document Relates to All Cases

**CASE MANAGEMENT SCHEDULE**

Pursuant to this Court's Case Management Order No. 4, Dkt. #1 ¶ 10(f) ("CMO-4"), Plaintiffs Kerry Bonds, *et al.* ("Plaintiffs") and Defendants National Collegiate Athletic Association ("NCAA"), *et al.* ("Defendants" and collectively with Plaintiffs, the "Parties") hereby submit this proposed Case Management Schedule.

**I. INCORPORATION OF DISCOVERY FROM *ARRINGTON V. NCAA* (NO. 1:11-CV-06356)**

The Parties have agreed to the incorporation of the discovery in *Arrington v. NCAA* (No. 1:11-cv-06356) in its entirety and have agreed to make use of that discovery to the fullest extent possible. Any duplication of discovery will be strongly disfavored. Notwithstanding, the Parties agree that discovery beyond that taken in *Arrington* is necessary for the adjudication of the *Single Sport/Single School* cases.

**II. CONSOLIDATION OF SINGLE SPORT/SINGLE SCHOOL CASES**

The Parties have conferred and agree that the *Single Sport/Single School* cases should be consolidated for pre-trial purposes in the manner contemplated by CMO-4 and should proceed pursuant to the sampling process described below. *See* CMO-4 at 4. To aid the Parties in the

initial selection of sample cases, the Parties agree that initial disclosures shall be made in two phases.

The Parties agree that phase one disclosures need not include all information set forth in Fed. R. Civ. P. 26(a)(1), except that phase one disclosures shall include, in all applicable cases:

- (i) Consistent with Rule 26(a)(1)(A)(iv), Defendants' disclosure of information (including actual copies if available) sufficient to identify any insurance agreement(s) under which an insurance business may be liable to satisfy all or part of a possible judgment in each action or to indemnify or reimburse for payments made to satisfy any judgment.
- (ii) Defendants' disclosure of information sufficient to identify (including actual copies if available) any written concussion management policies and/or written procedures during the relevant class periods, to the extent such information is within a Defendant's possession, custody or control.
- (iii) Plaintiffs' disclosure of their full names, current states of residence and year(s) of participation in their respective football programs.
- (iv) Plaintiffs' disclosure of information sufficient to identify current and former medical providers, along with copies of medical records relating to the injuries identified in each Plaintiff's Complaint, to the extent such information is within such Plaintiff's possession, custody or control.

Phase one disclosures shall be made no later than 45 days following the entry of this Order, although the Parties agree that the production of insurance agreements, concussion management policies or procedures and medical records may be made on a rolling basis as they and information related thereto are located and otherwise become available.

On or before December 9, 2016, each Plaintiff shall provide Defendants with an executed Release and Right of Access Authorization for records protected by the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), the Family Educational Rights and Privacy Act of 1974 ("FERPA") and any similar State law.

Phase two disclosures shall pertain to the sample cases selected in the manner described below. Phase two disclosures shall include any information set forth in Fed. R. Civ. P. 26(a)(1)

that has not been disclosed previously regarding the sample cases, and shall be made no later than 30 days following selection of the sample cases.

### **III. USE OF SAMPLE CASES FOR LITIGATION THROUGH MOTION PRACTICE AND ORDER(S) ON CLASS CERTIFICATION**

Because the ultimate direction of the Single Sport/Single School cases will turn on whether Plaintiffs can state a claim and certify their respective proposed classes (*i.e.*, against the NCAA, a particular athletic conference and/or where applicable, a single institution) and because the evidence Plaintiffs will use to support any motion for class certification will involve overlap between individual cases (*e.g.*, pertaining to the discovery of relevant NCAA, athletic conference, and institution practices and policies), the Parties agree that the use of sample cases to test the viability of the Single Sport/Single School cases through class certification is appropriate and will promote judicial efficiency.

To meet these ends, the Parties have agreed to the following process:

**A. Selection of sample cases for pleadings, motions and class certification.** To give the Parties the most insight as to whether any of the Single School/Single Sport cases can proceed as viable cases and class actions and to make the most efficient use of the already-available *Arrington* discovery, the Parties have agreed to proceed with four (4) sample cases. Plaintiffs will select the first sample case. Defendants will select the second sample case within two (2) days of Plaintiffs' selection of the first sample case. Plaintiffs will select the third sample case within two (2) days of Defendants' selection of the second sample case. Defendants will select the fourth sample case within two (2) days of Plaintiffs' selection of the third sample case.

**B. Substitution of sample cases.**

In the event that a sample case is dismissed involuntarily, the Party that chose that sample case shall have the option to select a case to substitute for that sample case. In the event that a Named Plaintiff voluntarily dismisses a sample case or is replaced by another plaintiff in a sample case, the Party that selected that sample case shall have the option to select a case to substitute for that sample case, subject to the Court's agreement, provided that the other Party shall be entitled to oppose the selection of a substitute sample case. Litigation of any new sample cases through an order on class certification will then follow the schedule outlined below, including the opportunity for Defendants in any new sample case to file and obtain rulings on motions on the pleadings before any discovery commences.

**C. Schedule on first sample proposed class actions through class certification.**

Pursuant to the Parties' agreement, the following deadlines will govern the first sample cases identified by the Parties:

<b>Event</b>	<b>Deadline</b>
Deadline for Plaintiffs to select first sample case	January 24, 2017
Deadline for the Parties to file with the Court their selection of sample cases	January 31, 2017
Deadline for Defendants to respond to complaints in the sample cases (including by motions to dismiss)	45 days after selection of sample class actions
Joinder of Additional Parties	3 months after rulings on any motions to dismiss sample cases
Amendment of Pleadings	6 months after rulings on any motions to dismiss sample cases unless another deadline is set by the Court based on rulings on motions to dismiss

Event	Deadline
Completion of Fact Discovery	12 months after rulings on any motions to dismiss sample cases
Plaintiffs' Expert reports in support of motion for class certification to be served	15 days after close of fact discovery
Plaintiffs' motion(s) for class certification to be filed	45 days after close of fact discovery
Defendants' deadline to depose Plaintiffs' expert(s)	60 days after service of expert report(s)
Defendants' responses in opposition to Plaintiffs' motion(s) for class certification to be filed	60 days after service of Plaintiff's motion(s) for class certification
Defendants' expert reports in opposition to Plaintiffs' motion(s) for class certification to be served	60 days after filing of Plaintiffs' motion(s) for class certification
Plaintiffs' deadline to depose Defendants' expert(s)	45 days after service of Defendants' expert report(s)
Plaintiffs' deadline to file replies in support of class certification	60 days after filing of Defendants' response(s)
Plaintiffs' deadline to serve rebuttal expert report(s)	45 days after service of Defendants' expert reports ( <u>i.e.</u> , same day as class certification reply)
Defendants' deadline to depose Plaintiffs' rebuttal expert(s)	30 days after service of rebuttal expert reports
Parties' deadline to file joint status report regarding appropriate next steps in the litigation	30 days after a ruling on class certification

**D.** The Parties agree that discovery shall be stayed in each sample case until a ruling by the Court on any motion on the pleadings is issued for that specific case – *i.e.*, if a ruling is issued in one sample case but not the other three, discovery in that sample case may proceed per the schedule proposed above. Any discovery after the Court's rulings shall be focused on class

certification issues and such merits-related issues as inform the question of whether a class satisfies the requirements of Fed. R. Civ. P. 23.

**E.** No motions with respect to venue or personal jurisdiction shall be filed in any of the cases that are not selected as sample cases until further order of the Court providing a procedure for the adjudication of such issues.

**F.** The cases not selected as sample cases shall remain stayed unless and until they are selected to proceed. The Parties stipulate and agree that by agreeing to the procedures set forth herein, the Parties in the non-selected cases do not waive and expressly preserve all available rights, arguments, claims and defenses (including but not limited to those with respect to venue, personal jurisdiction and any argument falling under Fed. R. Civ. P. 12(b)(6)). To that end, the Court will issue an order expressly holding that any and all available defenses (including but not limited to venue, personal jurisdiction and any argument falling under Fed. R. Civ. P. 12(b)(6)) are preserved for the Defendants in the non-selected cases until such time as the Court shall lift such stay and provide a procedure for the adjudication of such defenses for the Defendants in the non-sample cases.

#### **IV. DISCOVERY LIMITATIONS FOR CLASS DISCOVERY**

The Parties named in the sample cases selected according to the procedure specified above shall be allowed to take up to 10 depositions of and serve up to 25 interrogatories on each adverse Party in such cases.

#### **V. ESI PRODUCTION AND CONFIDENTIALITY**

No later than the date on which the Parties serve their initial disclosures, the Parties must confer and file with the Court one or more proposed orders governing (a) confidentiality of sensitive information, (b) confidentiality and handling of information protected by HIPAA, the FERPA and any similar State law, (c) discovery (including collection and production of) ESI,

including formats and search methodologies, and (d) the inadvertent disclosure of privileged or otherwise protected material.
